

Our Trip to Amesbury Library

Our trip to Amesbury Library was very exciting. The bus was such good fun. We saw lots of different vehicles and counted the different coloured cars. It was bumpy on the bus and we sang 'the wheels on the bus' the other people on the bus cheered and clapped it was funny. When we arrived at the library the lady in the children's section read the children a story and the ladies read big books too. We all took a book back to the nursery to read. We are looking forward to going back next month to change our books and have another story read to us.

Our Sports Skills Lessons

Three times a week the BTEC boys from Avon Valley College take the children out to learn different sport skills. This month we have enjoyed learning how to use a tennis bat and how to hit the ball with it. At first the children found this tricky but now they have mastered hitting the ball with the bat!

Our Messy Play Day

Our messy play day was very successful many photographs were taken of babies swimming in shaving foam and covering themselves with gloop. The toddlers enjoyed taking their shoes and socks off to make foot prints in paint and making patterns with the coloured spaghetti. Worms and snakes became their new interests...
