

## Culture Month - Chinese Restaurant Visit

Throughout the month the children of the nursery have been celebrating different cultures from around the world, dressing up in various costumes, listening to new music and songs and experimenting with new tastes.

On Monday 3 October the children from the wise owl room caught a local bus and travelled to Amesbury, where they popped into the library to listen to a story read by the librarian, before walking to the 'happy garden' Chinese restaurant to experience the smells and new tastes of Chinese foods.

In the restaurant they were shown the different forms of writing, observed and noticed the red and gold colours and cats and dragons ornaments. Many of the children attempted to use their chopsticks demonstrated by their key person.

Once their bellies were full they caught the bus home again to share their exciting experience with their peers. The trip reinforced the learning within the nursery to the outside environment.
