

Wise Owls

Big Bug Hunt

On Wednesday 17th August the Wise Owls went on a big bug hunt. We went to the field around Jubilee Park. When we arrived we split into three groups;

Michelle took Ollie Euan and Leo. Stacey took Tayla, Megan and Eden. And Leza took Oliver, Ollie and Millie.

We search around the trees and benches in the field also the footpath and plants. Michelle left our bucket next to a tree so we could put our different bugs into it. Stacey took lots of pictures of bugs. There were ants, mosquitoes, different beetles and spiders. We found them on tree trunks and in the grass. We tried to take a picture of a butterfly but it was too quick for us. We found lots of ladybirds and brought them back to nursery in our tub to show our friends.

The Wise Owls had such a fun time searching for their bugs.
