

Cheeky Chimps with the Owlets

Tuesday 22nd November 2011

We all had a fantastic time at Cheeky Chimps. There was so much to do we couldn't wait to start playing. We all got very excited as we investigated the play area. It had lots of different textures for us to feel including soft, smooth mats for us to walk on.

down very fast together!

We climbed up and clambered through the long tunnels and played peek-a-boo with staff at the end of the tunnel. A few of us went in the multicoloured ball pool where we kicked and threw balls around (being careful not to hit anybody). They were really big compared to our little hands but we enjoyed them bouncing off the mesh netting and back into the pool.

There was also a soft play area for us to explore including a discovery wall. This encouraged us all to stretch out and try to stand up to look at all the interesting colours and shapes on it.
