

Dandi Lions with the Owls

Tuesday 15th November 2011

We were all very excited about our outing. We got all our coats and shoes on and lined up at the door ready to get on the bus. We were looking out the window to count all the cars that drove passed us, but there was so many we lost count.

When we arrived at Dandi Lions we all waited beautifully before going to play. Our favourite thing to do was to climb up the ladder to get to the big slide. We slid down it many times faces beaming and cheering with excitement. We also hid from the ladies in the ball pool; they could hardly see us there because there were so many balls and we covered our bodies with them.

When we got back to nursery all talked about our fun afternoon at circle time. Recalling what happened was good to help us develop our communication skills as well as our confidence in speaking in groups with our peers. We each took it in turns to tell the group what we enjoyed most.
