

Tots Time with the Owlets

Friday 11th November 2011

In the morning we walked to the museum together holding hands and stopping at the edge of the road to look left and right to make sure that it is safe to cross.

We took a detour through central park to admire nature and look at the signs of winter. We liked the fresh, cool air on our faces but we were glad to be all wrapped up in our hats and scarves as it was quite chilly.

At the museum there were lots of toys and resources set up for us to play with. The children and staff played together in the sand and splashed about in the water with great enthusiasm. There was also a toy castle and lots of cars set out on the carpet, which we enjoyed pushing along the floor. The Owlets clearly enjoyed themselves as they were smiling and moving about a lot to explore all the toys and what they could do with them.
