

Alkborough Flats Trip

Owlets

On our trip to Alkborough Flats nature reserve we saw some cows and sheep in the fields. The staff encouraged the children to imitate the noises that the animals make. Some of the older ones copied and said "moo" and "ba". We also saw lots of birds flying in the sky. They looked very graceful even though it was really windy and cold. As we walked on we met some ducks swimming in the water, the children pointed suggesting that they were very interested in them. When we got back on the bus all the excitement from the day and being out in the fresh air must have made us very tired as we all fell asleep.

Owls

Children that attended: Taylor, Dylan, Grace B, Grace D, Millie, Jessica, Georgina, Ollie C, Oliver B, Joel, Lexi, Lyla-May, Marley and Daniel.

On Monday 10th October it was a very windy day. We all put on our winter warmers and held hands tightly as we walked to the bus stop. We all really enjoyed getting on the bus. We showed the bus driver our lovely singing voices. When we got to Alkborough we observed lots of large, green fields and water!

As we began to walk down the pathway we sang the "we're going on a bear hunt song". It was very exciting, we all giggled with laughter. We thought it was hilarious when a huge gust of wind came and nearly blew us all away.

Wise Owls

We were all very excited to get on the bus. It was much bigger than our usual one. We all carefully found our car seats and made sure that we were all belted up for safety. On the way there we took pleasure in looking out of the windows. We saw an ambulance whizzing alongside us. This started up a conversation about the noise it makes and it's flashing lights.

When we got there we saw some cows and had fun copying the noises. We also saw some black sheep and white sheep in a field. They were running fast. We went inside a wooden hut and looked through a hatch where we saw ducks swimming in a pool of water. We had such a fantastic time 😊
