

## Museum Visit- Wise Owls

**Children that attended:** Hayden, Tayla, Ryan, Grace B, Jessica, Holly, Corey, Rhys and Caitlyn.

The children really enjoyed going on the bus to the museum. They got very excited as they rushed to the back seats of the bus and sat down. When we got to the museum

we were a little bit early. The lady at the reception desk said that we were welcome to look around.

We saw some sea animals and very big shells. Then we walked up the stairs and saw a very large train, which was very old.

The children enjoyed doing their own puppet show and making musical instruments such as shakers using pasta and yoghurt pots. There were a number of different musical instruments there. Hayden, Ryan and Tayla particularly liked the guitar and had a little strum on its strings.

We all tidied away and took part in a group singing session on the mat using the fantastic instruments that we had made. It was really good fun and all the children were praised for being so well behaved.
