

Our Trip to Bottesford Infants School

With the Wise Owls

On Wednesday the 13th of July the Wise Owl's travelled on a big, purple, double decker bus to visit the children at Bottesford Infants School. We had lots of fun on the bus, especially as we sat up stairs as the bus was very busy.

We enjoyed listening to the year 2 children who read us some lovely stories. Then we went for a little look around the play ground and saw some of our old Wise Owl friends, who all looked really happy in their new environment.

Then we went in to the large hall and did 'wake and shake' with the older children. They were really good, but we picked up the moves really well so they were very impressed with us. Then we went for a little play on their climbing frame. Eden, Corey, Ben, Euan, Millie and Megan all had a turn on the fireman's pole. Elsie and Millie liked playing down the slide.

We had so much fun that before we knew it, it was time to catch the bus back to nursery. The children gave us some of their snack. It was delicious strawberries and oranges. We were very grateful and said 'thank you very much'. We also said thank you to all the children and staff for showing us around their school.

All the children had so much fun that when we got back to nursery we were all still very excited about our little trip! We couldn't stop talking about it and spoke about how we would be starting school soon.

Michelle and Stacey commented that our behaviour on the bus was brilliant. They were very happy and said 'well done' to all of us.
