

## Our Trip to Cleethorpes Beach With the Wise Owls

On Tuesday the 12<sup>th</sup> of July 2011 the Wise Owls went on a trip to Cleethorpes beach. We went on a mini bus and had lots of fun. We had a little walk on the beach too. Millie, Daisie and Kate got sand in their sandals and thought it was hilarious. We split up into groups of four. In Michelle's group there was Megan, Kate, Rajiv and

Jacob. In Emma's group there was Tayla, Millie, Ollie and Daisie. And in Stacey's group there was Josephine, Euan, Caitlyn and Ben. Each group set out to look for shells; big ones, small ones and ones with all different colors.

Once we looked for shells we all had a run about in the sand it was fun. Then Emma said 'Let's have a digging competition' we used our hands to dig as we forgot our buckets and spades. We dug really fast and were puffed out when finished.

Stacey's group won the digging competition as their hole was the biggest. Then we buried Caitlyn's feet in the sand and she got stuck so we had to dig her back out!

Michelle sat in the hole her group had made and Jacob, Megan, Rajiv and Kate decided to cover Michelle's legs in sand. The children got very excited. We all sat down and had

a drink of juice with our friends before setting off to the picnic area. We sat really nicely and enjoyed a ham or cheese sandwich, grapes, raisins and tomatoes and strawberries and yogurt for pudding.

We had so much fun that we ran out of time and had to go and catch our bus back to nursery. Some of us were really tired and fell to sleep on the bus. Once we got back we couldn't wait to tell our friend's where we had been and how much fun we have had! We washed

the shells we had collected and put them in our sand tray, this made the preschool room smell of the beach. We brought some seaweed back with us too it was very exciting, even Michelle, Emma and Stacey were excited.

Well done Wise Owls you were great.
