

Yorkshire Wildlife Park

Attendees: Kay-Lee, Lily-May, Joel, Grace B, Grace D, Adam, Hayden, Lyla-May, Jessica, Daniel, Neve, Harvey, Holly and Lexi.

We were all very excited to go and see the animals at Yorkshire Wildlife Park. On the way there we saw lots of traffic. We all enjoyed singing and dancing to the songs on the radio. When we arrived at the wildlife park we waited to get off the bus one by one. Then we paid the lady our pennies and set off to see the

all the magnificent animals that live in the wildlife park.

The first animals we saw there were some really large goats. They walked right up to the fence to say hello to us all. As we walked around we saw a racoon dog, he was big and fluffy! We waved to him but he was fast asleep.

In the next pen there was a horse and some camels, Kay-lee enthusiastically shouted "hello horse".

It was a long walk to the next pen, inside was a lemur, he had lots of stripes on his fur. We then headed off to see the meerkats. They were playing with a big egg by rolling it around their pen. We all felt really happy to see them.

On the way back to the nursery nearly all of us fell asleep! We were exhausted after our wonderfully exciting trip to see the animals. We hope we can go back and see them again soon.
