

Our Trip to Waters Edge

With the Owls and Wise Owls

Children who went: Joel, Jessica, Elsie, Ollie B, Rubee, Megan, Millie, Jack, Eden, Tayla, Maya, Ollie L & Caisey-Rae

Staff who went: Alice, Vicki, Michelle & Holly

We were all very excited to be visiting waters edge as we all wanted to see the ducks that live there. The bus driver was a little late so we did some lovely singing whilst we waited.

Once the bus arrived we all climbed on and got strapped in our car seats. It was very funny to watch the ladies work out how to use each car seat ☺ .

On the way we saw lots of Lorries, cars, vans and motor bikes. Ollie got very excited when he saw a big lorry.

When we arrived we waited very nicely until the ladies all got out too. Then we walked through a big building and found some special cameras which could move to see the birds.

After looking at the cameras and birds we walked outside to the feeding area where we saw lots and lots of ducks ☺. They came to join us and did lots of quacking, which we all found very amusing. Joel recognised the noise the ducks were making and started quacking too.

Then we set of for a walk and we saw the Humber Bridge. Jack and Ollie got very excited. We walked a little further around and saw a big boat, although it was very mucky oh no. We all wondered who it belonged to; maybe it was pirate's boat?

Then we heard a funny noise coming from nearby; it was Billy goats. A lady was looking after 3 of them so we went to say hello to everyone. The Billy goats decided to come say hello too.

It was time to go back to the bus, so we held hands and walked to the bus fantastically. As we had fun and had been very busy lots of us feel asleep on the way home.
